

Organize your Life... *Organize for an Emergency!*

Put together an Emergency Supply Kit.

*Ready** suggests that you have basic supplies that will last you, your family and your pets for three days.

The emergency kit should include the following items:

At least a three day supply of non-perishable food that does not require refrigeration, cooking or water for preparation

Examples: canned food, granola bars

Manual can opener

Your kit should also include one gallon of water per person and pet per day for three days

A battery-powered radio

Batteries

Flashlight

Make sure you have a First Aid Kit with specific items for your family/personal needs

A whistle to signal for help if you are trapped

A wrench or pliers so that you can turn off utilities if necessary. Make sure you know how to properly do that.

Some items you may want to add to your kit include:

Extra pair of prescription glasses

Important family documents

Formula or diapers for infants

Games or toys to entertain children

For a list of additional items, visit [Ready.gov](https://www.ready.gov)

If you have a pet, don't forget their supplies in your kit
